*RESTYLANE

Restylane is a tissue filler for lips and deep lines. Results are immediate and last up to 6 months.

Cost per Syringe **\$550.00**
Consultation required for cost estimate

*MESOTHERAPY

(Lipodissolve)

Mesotherapy is a technique where medication is injected into the mesoderm, the layer of fat and connective tissue under the skin. Over the past 50+ years physicians world-wide have used mesotherapy for a variety of purposes, including spot fat reduction, overall loss of inches, and cellulite.

Price per area **\$199.00**
Consultation required for area estimate

MICRODERMABRASION

Microdermabrasion is a medical technique for removing the topmost layer of skin, leaving it supple and vibrant. The Diamondtome wand removes this layer of skin by gently abrading it with natural diamond chips while at the same time vacuuming the dead skin cells away in a sterile and controlled manner. Removing this outer layer of skin leaves a smoother texture and promotes new growth.

Per treatment **\$69.00**
Combined with Facial **\$115.00**

BIO-IDENTICAL HORMONE REPLACEMENT

After age 35, the endocrine system (thyroid, pituitary, ovarian, testicular and adrenal glands) has peaked and your hormone levels begin to decline. Measuring the levels of these hormones and replacing them AS NEEDED with bio-identical copies will retard the unwanted effects of hormone loss.

Consultation required for program cost.
